

Join us at **AAO booth 3721** to learn from **27 glaucoma and retina specialists** from around the world how they are using IRIDEX lasers in MicroPulse® mode to treat a wide variety of glaucoma and retina cases. This will be a great opportunity to ask them questions about experiences and results. Hands-on demos and **AAO-only specials** will also be available at our booth. Visit iridex.com/aao to learn more.
